

## Verification of Evidence

NZQA Unit Standard 18203

Unit Standard Included:	Number	Level	Credits
Verify evidence for assessment for candidate	18203	4	3

The purpose of this module is to demonstrate your ability to verify the evidence and/or performance of a candidate in an assessment situation.

By the end of the assessment you will have verified the work from two different assessments. The assessments can be for the same candidate or different candidates, but they must be for two different unit standards or topics.

### Summary of assessment tasks:

You will be required to do three different things to complete this assessment:

- Task One -Prepare for the verification process
- Task Two -Verify evidence used in assessments
- Task Three -Summarise the verification process
