OTHER LOCATIONS

If you think there could be a group of 8 or more needing the training in your area.- Just ask! We will do our best to accommodate it.

Regardless of the option, the programme is designed to equip future assessors with the skills, knowledge and practice required to successfully assess the competence of candidates in a variety of situations. You'll have an opportunity to get your head around all the NZQA processes, terminology and expectations.

If you attend the workshop you will find it is relaxed and helpful. You need to complete assessments and some work will be required in your workplace to finalise your portfolio of assessment evidence.

If you do the individual or group webinar/SKYPE you will get personalised information to help you learn what you need in the manner you need. It will be your session your way.

If you do the online self directed option you can access optional SKYPE support \$50

If your workplace does not have a suitable observer to watch the two assessments you conduct we can also arrange to observe you by SKYPE. The observation fee is \$100

Other units can also be added for a small fee.
